

Toray Membrane USA, Inc.

Toray Membrane USA (TMUS) is excited to announce the promotion of Charles Wardle to Director of Operations. Charles joined TMUS in May 2019 as a Regional Sales Manager for the West Coast and was promoted to Product Manager of Specialty Separations. Charles excelled in the role and not only made the manufacturing more productive but also more profitable.

Charles Wardle brings over 14 years of experience in the water industry, and will be an asset to the Toray Operations team as we look to expand and increase our productivity along with our increased sales.

Charles graduated in 2011 from the University of California with a Bachelor of Science degree in Environmental Engineering. Charles will be responsible for managing the operations team.

Charles is located in the head office of TMUS in Poway, CA, USA.
